Bachelor of Arts in Leadership & Ministry

This degree is being re-constituted for 2024-25 with new objectives, a new curriculum map, etc. Therefore, we will add this content in a few months once it is clarified.

The Bachelor of Arts in Leadership & Ministry equips students with the essential skills and knowledge necessary for effective leadership in church and non-profit organizations. The program integrates biblical principles with practical applications, including organizational leadership, strategic planning, and project management.

Student Learning Objectives

Upon the completion of the program, graduates will be able to:

- Formulate a personal philosophy of leadership informed by a biblical worldview and aligned with proven leadership principles.
- Develop comprehensive plans that integrate strategic planning, team leadership, and project management to advance a church or organization's objectives.
- Foster a deep commitment to serving others with humility and compassion, demonstrating a servant's heart in all aspects of leadership and ministry.

Knowledge:

Formulate a personal philosophy of leadership informed by a biblical worldview and aligned with proven leadership principles.
